

THE OPEN DIABETES JOURNAL

The Open Diabetes Journal is an open access online journal, which publishes original research articles, reviews, letters and guest edited single topic issues on all aspects of basic and clinical diabetes mellitus research. The journal scope includes diabetes pathogenesis, epidemiology, lipid disorders, metabolic disorders, osteoporosis, interdisciplinary practices in endocrinology, complications, biochemical and molecular studies, clinical care, genetics, immunology, nutrition, psychosocial research, epidemiology, socio-economic research, drug pharmacology, treatment and prevention.

The Open Diabetes Journal, a peer reviewed journal, is an important and reliable source of current information on developments in the field. The emphasis will be on publishing quality articles rapidly and making them freely available worldwide.
